

**Workforce Services Guidance-
Consolidated Business Grants
Effective Date: January 31st, 2019**

WIOA provides a range of programs to support work-based training, which can be an effective strategy to provide high-quality employment opportunities to participants. Furthermore, this strategy develops a pipeline of skilled workers to meet the needs of area employers.

Work-based training is employer-driven and provides grant subsidies to employers who hire individuals facing barriers to employment. These subsidies are provided when an employer agrees to hire the individual into unsubsidized employment after participation (Federal Register Vol. 81, No. 161, Page 56149, Subpart F). Work-based training can be an effective strategy to provide opportunities for participants and employers to find high quality job opportunities and develop a high-quality workforce. On- the-Job training, Registered Apprenticeship training, Pre-apprentice training, Transitional Jobs, Incumbent Worker training, work experience, and job shadowing are work-based training models that can be effectively used to target different jobseekers, workers, and employer needs. Work-based learning experiences allow students to collaborate with industry to explore careers that interest them and gain valuable employability skills. By working with employers, students apply classroom theories to practical problems, explore career options, and pursue personal and professional goals.

Subject:

This guidance clarifies the eligibility requirements for the Consolidated Business Grants (CBG) and funding allotment procedure for October 1, 2018 through June 30, 2019.

Purpose:

This guidance communicates requirements and procedures to provide Tennessee Department of Labor and Workforce Development (TDLWD) CBG funds to Local Workforce Development Areas (LWDAs) in support of Employers. Also, the guidance defines the eligibility of both training recipients and their respective employers as grantees.

Background:

The Workforce Innovation and Opportunity Act (WIOA) establishes a framework to assist youths, unemployed adults, and dislocated workers obtain employment that provides a self-sufficient wage based on Self-Sufficiency policies established by the Local Workforce Development Boards (LWDB).

The Tennessee Department of Labor and Workforce Development (TDLWD) and the State Workforce Development Board (SWDB) have established policies to assist businesses by providing their workers an opportunity to enroll in training programs such as Incumbent Worker Training (IWT) (*20 CFR 680.780, 20 CFR 680.790, 20 CFR 680.800, WIOA Section 134[d][4J]*), On-the-Job Training (OJT), and Apprenticeships Training Grants (ATG). These programs provide the skills necessary for participants to compete in the current economic environment. The CBG provides block funds to the Local Workforce Development Areas (LWDA) to sponsor these programs based on the needs of the employer allowing LWDA's the flexibility in utilizing the appropriate funding as needed.

The \$555,000 award includes five percent (5%) for administrative costs (*WIOA Section 134[a][3J][BJ]*). CBG funds will be awarded to businesses based on their needs as defined by local policy and guidance. For grants up to \$25,000, no additional approval by the TDLWD is required.
